

WILD OHIO WEEK

VIRTUAL
Mon., Jan. 25–Sat., Jan. 30

HOSTED BY THE OHIO HISTORY CENTER

**Join us for a week of online natural history programming
and learn more about the plants and animals that call
Ohio their home, all from the comfort of yours.**

Ohio's Wetland Animals
Tues., Jan. 26 • 2 p.m.

Join the Ohio Division of Wildlife and discover some of the amazing adaptations developed by the animals that call Ohio's wetlands home.

**How Climate Has Shaped Ohio's
Natural Environment**
Weds., Jan. 27 • 2 p.m.

Join Aaron Wilson, Byrd Center Research Scientist as he discusses how the climate of Ohio has changed through time.

Shawnee State Park's Rare & Beautiful
Thurs., Jan. 28 • 2 p.m.

Join Ohio Department of Natural Resources, naturalist Jenny Richards as she talks about the amazing plants and animals of Southern Ohio's Shawnee State Park!

Improving Small Forest Patches for Birds
Fri., Jan. 29 • 2 p.m.

Learn how you can improve forest conditions for birds across their full annual life cycle: breeding, migration, and wintering as a land or property owner.

Walk with Wolves & Walk with Hawks
Sat., Jan. 30 • 2 p.m.

Meet an ambassador wolf from Ironwood Wolves and learn about falconry, one of the oldest sports in the world with the Ohio School of Falconry.
