

GLOBAL WATER INSTITUTE

**BYRD POLAR AND
CLIMATE RESEARCH CENTER**

WATER AND CLIMATE COLLECTIVE

The Water and Climate Collective provides a space for a wide range of students interested in examining water and climate issues to interact with like-minded peers from across the university and engage in educational outreach, volunteer opportunities, and networking events.

Scan here to
fill out the
interest form

- Volunteer opportunities in different environmental industries.
- Fun and informative hands-on activities to learn about water and climate-related issues.
- Participate in education outreach.
- Networking opportunities with academia, industry, and community.
